

DELHI STATE INDUSTRIAL & INFRASTRUCTURE DEVELOPMENT CORP. LTD.

(VIGILANCE DIVISION)

No - DSIIDC/F.74/Dy.GM(Vig.)/2016 1499

Dated:- 19/07/2016

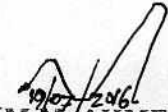

System Improvement Circular

The Chief Technical Examiner, CVC during its visit at one of the Project executed by DSIIDC in November, 2014 has advised as under:-

1. It has been noted that time frame for only preparation of DPR are being mentioned in the agreement for appointment of consultant. There are no time frame for other activities included in the scope of work of the consultant. The time limit should be specified with milestones and proposed penalties (in case of non execution of the work in the scheduled time frame) for such consultancy contracts.
2. The criteria for technical evaluation should be adopted as per the Manual of Policies & Procedure of Employment of Consultants issued by Ministry of Finance, Department of Expenditure and the bifurcation of marks should be pre-disclosed in the NIT for more transparency.
3. It has also be noticed in one of the Project that for appointment of Consultant minimum marks required to become eligible for a bidder were not mentioned in the NIT. Instead it is written that financial bid of the consultant acquiring maximum marks would be opened. Thus, it was pre-decided that financial bid of only one bidder should be opened. There was no weightage assigned for the fee quoted by the bidders in the selection of consultant. Provision kept was not in order as appointment of consultant without competitive rates is against CVC Guidelines. The Quality Base Selection method should be adopted for selection of consultant as per spirit of guidelines issued by Ministry of Finance, Department of Expenditure, Govt. of India.

All concerned are hereby advised to ensure that the above provisions are suitably adopted in future NIT's for appointment of consultants.

This issues with the approval of Competent Authority.

(M.M. AHMED)
